

KENYATTA UNIVERSITY

EXAMINATION FOR THE DEGREE OF BACHELOR OF EDUCATION (ARTS),
BACHELOR OF SCIENCE AND BACHELOR OF ARTS

AGE 100/110: INTRODUCTION TO CARTOGRAPHY AND MAP ANALYSIS

1ST SEMESTER 2024/2025 BY RAVINE OCHTENG, DELEGATE
0742600411 TIME: 2 HOUR

INSTRUCTIONS: Answer Question 1 and any other two questions. Use illustrations where appropriate.

1. a) (i) Explain the scope and role of cartography in Geography (4 marks)
a. (iii) Differentiate between map reading and map analysis. (6 marks)
b. (iii) Design the lettering for Nairobi, Kisumu and Nyeri. (6 marks)
b) Using your own diagram, elaborate how you will analyze a drainage basin. (8 marks)
c) Explain how you can use a computer for map cartography and map analysis. (6 marks)
2. a) Construct a simple network.  (8 marks)
b) Determine the most accessible point in your network. (12 marks)
3. a) Demonstrate the difference between raisers, neutrals and descenders in cartography. (9 marks)
b) Explain how you can draw a map of Kenya cartographically. (7 marks)
c) Draw a single and a double frame following cartographic rules. (4 marks)
4. Propose and explain methods you will use in the analysis of the relief on a map. (20 marks)
5. a) Design a transport network of your choice. (6 marks)
b) Using a matrix, determine the most accessible point on the network. (14 marks)

BY RAVINE OCHTENG, 0742600411

KENYATTA UNIVERSITY
CONTINUING EDUCATION PROGRAMME (CEP) 2023/2024
EXAMINATION FOR THE DEGREE OF BACHELOR OF EDUCATION AND
BACHELOR OF ARTS

AGE 100 / 110: INTRODUCTION TO CARTOGRAPHY AND MAP ANALYSIS

AUGUST 2024 SESSION BY RAVIVE OCHIENG TIME: 2 HOURS

0742600411
INSTRUCTIONS: ANSWER QUESTION ONE AND OTHER TWO QUESTIONS, AT
LEAST ONE QUESTION FROM EACH SECTION.

SECTION A: COMPULSORY

- 1a). Define the concept cartography and explain its significance in the field of geography (8Mks)
- b). Explain different sources of data for mapping (6Mks)
- c). using illustrations describe four symbols used on map to depict geographical phenomena (8 Mks)
- d). Briefly trace the major contributions of Greeks in the development of cartography (4Mks)
- e). Assess the role of scale in cartography and map analysis (4 Mks)

SECTION B: CARTOGRAPHY

- 2a). Describe any three cartographic drawing instruments and show how they are used (8Mks)
- b). Assess any four factors governing map design (12Mks)
- 3 a). Explain different types of maps and show their importance in the contemporary society (9Mks)
- b). Discuss the statement that "Cartography is a science, art and technology" (11Mks)

SECTION C: MAP ANALYSIS

- 4 a). State Horton's law and evaluate its application in cartography and map analysis (12Mks)
- b). Analyze how the choice of colour and symbols can influence the interpretation of Thematic maps (8Mks).
- 5 a). Examine the role of Geographic Information System (GIS) in modern map analysis (6Mks)
- b). Using illustrations, demonstrate two qualitative and two quantitative methods used in topographic maps to depict relief (14Mks)

EXAMINATION FOR THE DEGREE OF BACHELOR OF ARTS

AGE 100: CARTOGRAPHY AND MAP ANALYSIS

BY RAVINE OCHIENG, DELEGATE

AUGUST 2021 SESSION

0742600411

TIME: 2 HOURS

INSTRUCTIONS: Answer Question ONE and any other TWO questions, at least one question from each section. Use illustrations where appropriate

SECTION A: COMPULSORY

1. (a) Distinguish between the following concepts:

- (i) Cartography and draftsmanship (4 marks)
- (ii) Map reading and map analysis (4 marks)

(b) Explain different sources of data for mapping

(c) Assess the major development of cartography during the 20th Century to date. (8 marks)

(d) Describe any two methods used in map drawing (4 marks)

(e) Assess the role of scale in cartography and map analysis. (4 marks)

Space

Print machine
GIS sensor

(6 marks)

(8 marks)

Pen and ink.

Marking and painting.

(4 marks)

Calculating Area
Measuring distances

(4 marks)

SECTION B: CARTOGRAPHY

2. (a) Describe any four elements of a base map

(8 marks)

(b) Assess any four factors governing map design

(12 marks)

ethnics symbols accuracy clarity colour

3. (a) Explain different types of maps show their importance in the contemporary society.

(9 marks)

(b) Discuss the statement that "Cartography is a science, art and technology"

(11 marks)

Topographical
Thematic maps

SIR OTONDE MICHAEL -DELEGATE

SECTION C: MAP ANALYSIS

4. (a) State Horton's law and evaluate its application in cartography and map analysis (12 marks)

(b) Describe four symbols used on map to depict geographical phenomena. (8 marks)

for here

5. (a) explain the following concepts:

(i) Bifurcation ratio *its the ratio between the segment of lowest to order to that of higher order.* (3 marks)

(ii) Drainage density (3 marks)

branching

(b) Using illustrations, demonstrate two qualitative and two quantitative methods used in topographic maps to depict relief. (14 marks)

*Trigonometric stations
spot height
contours*

AGE 110: INTRODUCTION TO CARTOGRAPHY AND MAP ANALYSIS

1ST SEMESTER 2023/2024

TIME: 2 HRS

BY RAVINE OCHENG 20742600411
DELEGATE

INSTRUCTIONS

Answer Question ONE and any other Two Questions

- Q.1
- a) Define cartography (3 marks)
 - b) Discuss the attributes of a good craftsmanship (3 marks)
 - c) What is plottable error in cartography and how useful it is. (3 marks)
 - d) Explain the three pertinent stages in the study of maps (3 marks)
 - e) State the main marginal information on topographical maps and show their usefulness (3 marks)
 - f) Define relief and distinguish the qualitative and quantitative methods used to depict ^{relief} relieve on maps. (3 marks)
 - g) Explain the concept of stream ordering as was proposed by Horton (1945). (3 marks)
 - h) Define drainage density and show its usefulness in geomorphological studies (3 marks)
 - i) Briefly explain the procedure followed in network analysis in economic geography (3 marks)
 - j) Discuss the usefulness of maps in the modern era. (3 marks)
- Q.2 Discuss the history of the development of cartography highlighting its key landmarks (15 marks)
- Q.3 Describe the main instruments and tools used for drawing maps. (15 marks)
- Q.4 Discuss the nearest neighbour technique as a method of point pattern analysis in settlement geography. (15 marks)
- Q.5 Discuss the factors influencing drainage density of any topographic region (15 marks)
